

Riverwalk Tucson Homeowners Association

Security Door Policy

May 22, 2018

The following are the approved guidelines for screen doors:

1. Custom made to fit the front door opening.
2. Manufactured of steel or stainless steel and painted to match the brown color of the metal gates and fences throughout the Community.
3. The design is to be simple and have a vertical architectural style using elements similar in proportion to those used in the gates and fences.
4. The door handle is to be a Lever style with the keyed lock either in the handle or as part of the handle hardware. No additional deadbolt locks.
5. Current designs reviewed and approved by the Board are: Tetris, Wave, Delta, Custom, and Tempe Sun (modified to meet the thinner design standard)
